

MISSION

The Ohio State Medical Association (OSMA) is dedicated to empowering physicians, residents and medical students to advocate on behalf of their patients, communities, and profession.

VISION

Bringing physicians together for a healthier Ohio

THE OSMA VALUES:

1. The sanctity of the physician-patient relationship
2. The role of physicians as the leader of the health care team
3. Innovation that transforms health care delivery and improves the health of patients and the patient experience
4. Access to high-quality, affordable health care
5. The role of patients in improving their health
6. The future generation of physicians – medical students, residents and fellows
