<b>Personal statement. (250 word maximum) *</b>	

Having served in many varying capacities within District 2 over the last 10+ years, I have become very familiar with the current legislative landscape and potential landmines that exist. It has been an eye-opening experience to work with the delegate members of District 2, as I gradually broadened my horizons to the challenges many of my clinical colleagues face. Organizations such as the MCMS and OSMA provide the ground-root physician a voice in the legislative world to help impede the growth of practice creep, as pharmacists, PA's and NP's try to encroach on our domain. I am honored to be a part of a process, who's aim is to keep these forces at bay. As District 2 delegate, I will make every effort to preserve the practice of medicine for our children and grandchildren, so that they may also enjoy a lifetime of fulfillment, as I have.
