Ohio Chapter of the American College of Surgeons, Chair Resident and Associate Section – 2013 – present

Personal statement. (250 word maximum) *

Advocating for our patients and our profession has long been a passion of mine. We accomplish this mission by crafting well-thought out health policy. For many years now I have worked with the OSMA and AMA to debate and create important policy positions. My specific interests are in access to care, graduate medical education, and public health. I also have a strong interest in increasing young physician engagement in the health policy-making process. I look forward to continuing to represent the physicians of Darke County and District 2.
