

Dear Colleagues,

It is an honor to announce my candidacy for the position of Delegate to the American Medical Association representing the Ohio State Medical Association. As a board-certified emergency medicine physician with an interest in medical informatics, I am passionate about improving healthcare delivery and advancing the practice of medicine.

Over the past thirteen years, I have had the privilege of serving in various leadership roles in organized medicine at both the state and national levels. As a member of the Ohio Delegation to the American Medical Association, I have strived to promote policies that support high-quality, accessible healthcare for all. I have also served as chair of the national medical student delegation to the AMA-HOD, and as a member of the YPS, RFS, and MSS Governing Councils of the OSMA. In these roles, I have gained a deep understanding of the challenges facing healthcare professionals and patients alike.

If reelected to serve as your Delegate, I am committed to bringing the perspectives and concerns of Ohio physicians to the national stage, advocating for policies that promote health equity, improve patient outcomes, and support physician wellness. I believe that by working together, we can make a meaningful impact on the future of healthcare in Ohio and across the nation.

Thank you for your consideration, and I look forward to the opportunity to represent you and our shared values at the American Medical Association.

Best regards,
