

**Christopher Wee, MD**

I am excited to announce my candidacy for the Ohio State Medical Association Delegation to the American Medical Association House of Delegates.

Achieving policy success in the AMA HOD requires building coalitions. Over the past decade, I have formed working relationships with other members of the HOD. Having served on three separate state delegations to the House in the past, including on the Ohio delegation when I was a resident, I understand the role and responsibility to be a member of the HOD. These experiences, along with my experience working with national leaders (e.g. Board of Trustees) and AMA staff during my time as AMA-RFS Chair, have helped me understand the nuances of policy creation and implementation.

I look forward to drawing on these relationships and experiences to help build coalitions and advance our OSMA's priorities at the national level. I humbly ask for your support.
